## PROFESSIONAL SUMMARY

Highly motivated and skilled Front-End Developer with 3 years of experience in developing robust, user-friendly web applications. Proficient in React.js, Next.js with expertise in building scalable, responsive, and high - performance applications. Strong problem-solving abilities, attention to detail, and a commitment to delivering top- quality solutions in EdTech, CRM, and other domains

## WORK EXPERIENCE

### Mylearning Plus Pvt Ltd

Front-End Developer

Hyderabad

May 2023 – Present

- Developed and maintained responsive front-end interfaces for product-based applications using React.js and Next.js, focusing on performance and user experience.
- Designed and optimized reusable UI components, improving development efficiency and consistency across applications.
- Collaborated with backend teams to integrate RESTful APIs, ensuring efficient data retrieval and real-time updates.
- Implemented secure user authentication and authorization using JWT, enhancing data security and controlled access.
- Created dynamic and user-friendly admin dashboards, enabling clients to manage services and resources with ease.
- Enhanced application load times and performance through lazy loading, memoization, and code-splitting techniques.
- Debugged and resolved critical performance bottlenecks, ensuring smooth user interactions across platforms.

## PROJECTS

### KGN Ceiling – Nandigama

Jan 2026 – Present

<https://kgncellings.netlify.app/>

- Developed a responsive business website for a local false ceiling service provider using React and Material UI.
- Designed structured sections including Home, About, Services, Gallery, and Contact to clearly present business offerings.
- Implemented an image gallery with Swiper, including navigation and pagination for enhanced visual presentation.
- Built an admin panel to manage services, gallery images, and contact enquiries, enabling easy content updates.
- Integrated call-to-action features for free consultation, improving lead generation and user engagement.

### Rizee Educational Platform (Student & College)

May 2023 – Present

<https://rizee.in>

- Developed both web and mobile applications for Rizee, an online educational platform that helps students achieve their best by offering various methods of preparation and enhancing their readiness for competitive exams.
- These strategies assist students in attaining the ranks and grades they dream of.
- Any student preparing for the JEE/ NEET/ EAMCET exam be it a month away or a year away we want them to be ready and confident with their abilities
- This, we believe, is possible with constant relevant practice tests and crisp notes for reference.
- Educational institutions can use the platform to track student progress and raise performance standards.
- Improved platform scalability and performance by optimizing front-end workflows.

<https://user.c3crm.in>

- Built shopping categories, automated templates, and marketing workflows for WhatsApp Integration.
- Streamlined lead tracking and management for social media campaigns with QR Code Generation.
- Designed a slot booking system with user-friendly interfaces for Appointment Booking.
- Enhanced data organization and outbound marketing capabilities with File Categorization and Campaigns.
- Enhanced productivity by automating repetitive tasks and centralizing data.
